ABOUT ME

I am Harsh Farwaha, an Electronics and Communication Engineering student at Rayat Bahra University with a strong academic foundation and interest in testing and debugging electronic systems. I have hands-on experience in circuit design, automation, and system integration through academic projects.

As a fresher, I bring strong problem-solving skills, attention to detail, and a willingness to learn. I am eager to start my career in a dynamic environment where I can contribute to testing processes and enhance my technical expertise.

EDUCATION

Bachelor of Technology - Electronics & Communication

Rayat Bahra University , Mohali | 2023-2026 | Score - 79.6 %

Diploma - Electronics & Communication

Govt. Polytechnic College , Hoshiarpur | Score - 75 %

Higher Secondary Education - (Non Medical)

Govt. Senior Secondary School | Score - 85 %

Secondary School Education

M.K. Mount Everest High School | Score - 90 %

TRAINING & COURSES

Embedded System

Tech Point

Programmable Logical Controller

Tech Point

Python Programming Language

Novem Controls

Industrial Automation

Novem Controls

PROJECT

Designed an advanced wearable device to improve safety in coal mining environments. The helmet integrates sensors to monitor gas levels, temperature, and miner location, providing real-time alerts to prevent accidents and ensure worker safety.

SKILLS

- Python Programming
- Embedded System
- Time Management
- Basic PLC Circuit
- Problem-Solving
- Quick Learning Ability
